

THIS WAY UP

investigating
to know the unknown unknowns
possibilities

turning the key round
tumbling mechanisms
unlock ways to learn

turn around slowly
take a turn for the better
it may take some time

THIS WAY UP

unfolding symbols
imagine many futures
a turn of the wheel

providing data
information to help you
know and understand

behind the icons
background as foreground as one
landscape of objects

THIS WAY UP

world turns upside down
things, not what they seem to be
new questions released

on the other side
open gaps in our knowledge
opening the door

crossing the threshold
chance of a new beginning
opportunities

THIS WAY UP

at a time like this
at a time like no other
at a time and place

seen differently
place this map in an atlas
we're lost without it

find the connections
adapt to a new worldview
potential patterns

THIS WAY UP

shift in direction
shifting our relationships
shifting the power

situate realities
unstable dynamic flux
as we bear witness

representation
just an interpretation
encounter others

THIS WAY UP

is North always up?
shifting orientation
occidental change

Irish up is East
up in China is the South
some are poles apart

capital as up
London-centric politics
magnetic other
